MUSTANG

LEAN.  
LOADED.  
LEGENDARY.

# PICK YOUR PONY. FASTBACK **OR** CONVERTIBLE

**ECOBOOST®** **OR** **ECOBOOST PREMIUM**

**GT** **OR** **GT PREMIUM**

**6-speed** manual **OR** **10-speed** SelectShift® automatic<sup>1</sup>

Every new Mustang brings a renewal. Of the human spirit. The open road. And the wanderlust that exists within us all. For over 5 decades, America's legendary Pony car has delivered countless moments of pure exhilaration.

The new Mustang is loaded with bravado. Coiled with confidence. It honors this authentic lineage – by launching it forward. With advanced new technology that allows for a level of personalization not seen before. But very familiar to a new generation of free spirits. Who refuse stereotypes. Encourage self-expression. And are ready. For this.

The new 2018 Ford Mustang.

Our most advanced Mustang ever hits the pavement running with a lineup of hard-charging machines. Fastback. Convertible. EcoBoost. GT. And the heart-pounding, 526-hp Shelby GT350®. Get into yours. Get gone. And leave everything else in the rear view.

GT. Orange Fury Metallic Tri-coat. Performance Package. EcoBoost Premium Convertible. Ingot Silver. Both with available equipment. <sup>1</sup>Available feature.

**LEAVE EVERYTHING BEHIND.**

### **LEAN AND MEAN**

Acting on information from engineering about “usable space” in the engine bay, the 2018 Mustang design team lowered the hood and grille for a lean, more athletic look. New headlamps are lower, and more sinister. More modern as well, with all-LED front illumination<sup>1</sup> – including signature lighting, low and high beams, turn signals and fog lamps<sup>2</sup> – adding additional shine to the 2018 Ford Mustang.

### **MORE HORSEPOWER, MORE TORQUE, MORE MUSTANG**

Increased torque on the 2.3L EcoBoost<sup>®</sup> engine encourages wide-open throttle acceleration. The upgraded 5.0L V8 revs higher than any Mustang GT before, and improvements to the 6-speed manual allow it to handle more torque. A new 10-speed SelectShift<sup>®</sup> automatic transmission<sup>2</sup> improves responsiveness and all-around performance for both engines.

### **POWER TO PERSONALIZE**

12 wheel designs. 5 new instrument panel finishes. A new, fully customizable 12" LCD digital instrument cluster.<sup>2</sup> An all-new Mustang MyMode<sup>2</sup> that allows you to save your favorite drive settings, including suspension, steering and exhaust note<sup>2</sup> preferences. And a new “pulsing” start button that pulses red from the moment the door is unlocked until the engine roars to life. Now more than ever, the new Mustang puts the power directly into your hands.

<sup>1</sup>EcoBoost and GT. <sup>2</sup>Available feature.

EcoBoost Premium. Race Red. Black Accent Package. Carbon Sport Package. Available equipment.

<sup>1</sup>Horsepower and torque ratings achieved with 93-octane fuel. <sup>2</sup>Available feature.

### REAR REDESIGN

Revised LED taillamps are just one of the changes out back. There's a new bumper, fascia and performance rear wing.<sup>2</sup> A new dual exhaust with rolled tips completes the athletic look.

While designers strengthened its iconic look, a passionate team of Mustang engineers beefed up just about everything else. 2.3L EcoBoost<sup>®</sup> engine upgraded for optimal torque. 10-speed automatic<sup>2</sup>: new, with quick shift times and exceptional low-speed tip-in response to help heighten already legendary performance. Shock absorbers and innovative stabilizer bars: new, to help improve responsiveness and ride control. MagneRide<sup>®</sup> Damping System<sup>1</sup>: now available on EcoBoost and GT models, to optimize ride and handling in all situations. Hood vents: new to EcoBoost, and functional, of course. Just another sign that every Mustang is built for speed.

### INTERIOR UPGRADE

Choose the Carbon Sport Interior Package to cover the instrument panel and shift knob with sleek carbon fiber, while Alcantara<sup>®</sup> inserts enhance the door trim and Ebony leather-trimmed seats.

### 12 ALUMINUM WHEELS

17" Sparkle Silver-painted aluminum wheels are standard. Options include 19" wheels<sup>2</sup> to help make Mustang truly your own.

## SMOKE THE COMPETITION.

With a more powerful, higher-revving 5.0L V8 than before. Thanks to a new dual-injection system featuring low-pressure port fuel injection and high-pressure direct injection, 2018 Mustang GT power output increases to 460 hp<sup>1</sup> and 420 lb.-ft. of torque! Maximize this higher level of performance by adding the GT Performance Package. Contents include: 19" Ebony Black-painted aluminum wheels with Michelin® Pilot® Sport 4 summer-only tires, TORSEN® differential, K-brace, Brembo™ brakes with 6-piston front calipers, a Gauge Pack in the instrument cluster, stiffer springs and upsized rear sway bar, and even a performance rear wing (fastback only). To help keep you down to earth.

# GT

## AND THRIVE IN THE REAL WORLD.

Whether you're driving an iconic fastback or eye-catching drop-top, expect passionate performance from Mustang GT. You'll get it with a redesigned 6-speed manual transmission that features increased torque capability and more efficient clutch modulation. A 4-wheel, fully independent suspension that delivers excellent road feel and precise handling. Plus, Selectable Drive Modes<sup>1</sup> that allow you to activate predefined powertrain and chassis calibrations for Normal, Sport+, Track, Drag Strip and Snow/Wet. Wherever you are, Mustang is a joy to put through its paces.

### **REVISED 5.0L TI-VCT V8 New Dual-Injection System**

Direct injection and port fuel injection improve power output and efficiency over a wide variety of engine loads.

**Plasma Transferred Wire Arc (PTWA)** spray-bore cylinder-lining technology, learned from the Shelby GT350® program, results in more engine displacement and larger valves for improved horsepower and torque.

### **MAGNERIDE® DAMPING SYSTEM**

Provides lightning-quick responsiveness to changing road conditions. How quick? We're talking one thousand times per second. That's how fast each MagneRide damper can adjust automatically, so you'll feel more confident no matter how many curves lie ahead. Available with the Performance Package on both EcoBoost and GT.

Get ready to rumble. Through a new dual exhaust with quad tips, you can now customize the Mustang GT exhaust note with the new Active Valve Performance Exhaust System.<sup>1</sup> Then store your settings in the new MyMode<sup>1</sup> for easy recall. You can even program when you want to keep that signature rumble to a minimum with industry-first Quiet Start – when heading out at 5 a.m., for instance – to keep you in good graces with neighbors. Our most advanced Mustang ever is ready to roar. As often as you want it to.

<sup>1</sup>Available feature.

# DIGITAL DYNAMO.

## CUSTOMIZABLE 12-INCH LCD DISPLAY.

The new 12" color LCD instrument cluster<sup>1</sup> is the first all-digital display ever offered on Mustang. And it puts you in the driver's seat, giving you total control of what you see. Through the Pony button on the steering wheel, you can choose to display: any combination of 1 to 3 virtual gauges; Exhaust mode; TrackApps™; a Performance Shift Indicator (3 types with configurable rpm), launch control and more. It's easy to view. It's fast. It's responsive. And, like everything else in this new 2018 Mustang, absolutely beautiful.

<sup>1</sup>Available feature.

### SET THE MYCOLOR MOOD

After customizing the cluster layout and gauge displays, enhance it further with MyColor.® Set your primary color (Red). Your secondary color (maybe Ice Blue). With 30 different color choices, the combinations are almost endless.

PRND**S**

### GAUGE YOUR OPTIONS

Pick the virtual gauges you want to see. Stay with the standard Engine, Oil and Temperature gauges. Or choose from a list that includes Inlet Air Temp, Air/Fuel Ratio, Cylinder Head Temp, Axle Temp (GT) and more.

# MUSTANG TRACK APPS

## LIGHT 'EM UP

At the track. And in the cluster. The Line Lock feature, standard on all models, allows you to “heat up” the rear tires. While they smoke outside, you’ll see a visual representation here.

## CLOCK YOUR TIME

With the Lap Timer, you can record lap time and average speed at 3 separate tracks. Store up to 100 sessions (a session is 25 laps) in Track Mode.

## 1,320 FEET OF EXHILARATION

The 1/4 mile. How quickly do you get there? And at what speed? The Acceleration Timer shows you. Start your launch with the iconic “Christmas tree.” 3 ... 2 ... 1. Gone! An Accelerometer even tracks the g-forces you pull.

#### DISPLAY DESIGN

In the 2018 Mustang, you can choose your gauge cluster design. And redesign as often as you'd like. Circle tach? Ribbon tach? Cluster with 1, 2 or 3 gauges? It's up to you. How amazing is that?

## REVVED-UP ROAD WARRIOR.

The joy of driving is celebrated here. Steering column: tilts and telescopes. Accelerator and footrest: at matching angles. Shifter placement: allows open access to controls. Mustang Premium: adds aluminum foot pedals, ambient lighting with MyColor,<sup>®</sup> an Angled Brush aluminum instrument panel finish, illuminated door-sill scuff plates, and heated and cooled leather-trimmed power front seats. Premium Plus Package: ups the ante with accent-color stitching on the seats.

2018 Premium Plus Package interior upgrades include a new hand-stitched center console lid, wrapped knee bolsters and shifter boot.<sup>1</sup> Restyled seating surfaces include leather trim<sup>1</sup> in new Showstopper Red and Midnight Blue. While a standard new acoustic-laminate windshield helps keep noise distractions to a minimum. Letting you enjoy the signature Mustang sounds you love to hear.

GT Premium. Premium Plus Package. Leather-trimmed interior in Midnight Blue. Available equipment.  
<sup>1</sup>Available feature.

# SYNC 3

STAY CONNECTED ON THE MOVE.

Imagine controlling calls, music and more with just a touch and your voice. SYNC® 3<sup>1,2</sup> lets you keep your hands on the wheel while it quickly responds to your spoken requests. Or use the responsive touchscreen in the center of your instrument panel to access its many helpful features. Bring the power of Siri® into Mustang with Siri Eyes Free and your paired iPhone®. The system also features 2 smart-charging USB ports to help keep your devices powered up and ready to go.

## FORDPASS™ SMARTPHONE APP<sup>3</sup>

Your personal journey assistant  
Find fuel and compare prices  
Find, reserve and pay for parking  
in select locations  
Get help from our trained team  
of Ford Guides – available 24/7

## SYNC CONNECT<sup>2,4</sup>

4G LTE Wi-Fi hotspot lets  
you connect up to 10 devices  
Powered by FordPass to:

- Locate your vehicle
- Remotely start (auto only),  
stop, lock or unlock it
- Check your fuel level  
and mileage

## ANDROID AUTO™ COMPATIBILITY<sup>5</sup>

Talk to Google™ to interact with  
your Android™ smartphone  
Access your favorite music through  
your apps  
Utilize Waze™ or Google Maps™  
for voice-guided navigation and  
estimated travel time

<sup>1</sup>Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. <sup>2</sup>Available feature. <sup>3</sup>Available via download and compatible with select smartphone platforms. Learn more at [fordpass.com](http://fordpass.com). Message and data rates may apply. <sup>4</sup>Certain restrictions, 3rd-party terms, or message and data rates may apply. See footnote 3 in "Build Your Mustang" section of Specifications and your Ford Dealer for details. <sup>5</sup>Requires phone with active data service and compatible software. SYNC does not control 3rd-party products while in use. 3rd parties are solely responsible for their respective functionality. <sup>6</sup>Commands may vary by phone and AppLink software. <sup>7</sup>Certain restrictions, 3rd-party terms, or message and data rates may apply. See footnote 2 in "Build Your Mustang" section of Specifications and your Ford Dealer for details.

## APPLE CARPLAY™ COMPATIBILITY<sup>5</sup>

Use Siri to interact with your iPhone  
Access your favorite songs and  
playlists in Apple Music®

Utilize Apple Maps for voice-guided  
navigation and estimated travel time

## SYNC APPLINK®<sup>6</sup>

Voice control for your favorite  
compatible mobile apps  
Spotify® ♦ Alexa Auto ♦ and more

## VOICE-ACTIVATED NAVIGATION<sup>2</sup>

Fuel station locations and prices  
Current and forecasted weather  
Movie locations and showtimes  
Sports scores

# CONVERTIBLE

## DROP-TOP THRILLS.

Open-air freedom. At its best. To perfect its look, exclusive Mustang convertible design cues set it apart from fastback. Note the higher, straighter muscle line across its haunches. The distinctively contoured trunk lid. And the tonneau caps that slide neatly in place for a sleek, top-down finish. It even has best-in-class<sup>1</sup> trunk space. And since this vacation on wheels was engineered from the beginning as a convertible, it's designed to deliver a smooth ride. To start your adventure, follow these simple instructions. Release latch. Press button. Go topless.

**PREMIUM TOP.** The cloth convertible top on Mustang is lined, insulated and includes a glass rear window. The electric drive system to lower the top operates not only quickly, but quietly as well.

**EcoBoost® Premium Convertible.** Royal Crimson Metallic Tinted Clearcoat. Leather-trimmed interior in Tan. Available equipment. <sup>1</sup>Class is High-Power Sports Cars based on Ford segmentation.

**THE NEW 2018 FORD MUSTANG.**  
HARDTOP. RAGTOP. MIC DROP.

# FAST FORWARD, ALL AROUND.

Every aspect of the 2018 Mustang is designed to give you greater confidence behind the wheel. This includes the addition of new driver-assist technology<sup>1,2</sup> that covers the front, rear and sides of the vehicle. Equip your Mustang with the new Ford Safe and Smart™ Package, and it can: encourage your alertness;<sup>2</sup> help direct you to return to your lane;<sup>2</sup> call attention to vehicles in your blind spots;<sup>2</sup> and even help you keep a preset distance from the vehicle in front of you.<sup>2</sup>

EcoBoost Premium. Race Red. Pony Package. Available equipment.

### IN TRAFFIC

When activated, adaptive cruise control<sup>1,2</sup> helps maintain your choice of speed and preset gaps from the vehicle in front of you.

### BETWEEN THE LINES

Drifting out of your lane? The new Lane-Keeping System<sup>1,2</sup> can help when activated. By alerting you with steering wheel vibration, and even applying steering wheel torque, it helps direct you to return to your lane.<sup>3</sup>

### IF NEEDED

Pre-Collision Assist with Pedestrian Detection<sup>1,2</sup> can alert you with visible and audible warnings if a potential collision with a vehicle or pedestrian is detected. If it determines a collision is imminent, automatic emergency braking (AEB) may apply the brakes.<sup>4</sup>

### WHEN CHANGING LANES

BLIS<sup>®</sup> (Blind Spot Information System) with cross-traffic alert<sup>1,2,5</sup> warns you if it detects a vehicle in either of your blind spots while driving forward, or approaching from either side while in Reverse.

### EVEN BACKING UP

See what's behind Mustang as you slowly back up. A standard rear view camera<sup>1</sup> puts a full-color image on the LCD screen that centers the instrument panel.

<sup>1</sup>Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. <sup>2</sup>Available feature. <sup>3</sup>Lane-Keeping System does not control steering. <sup>4</sup>Pre-Collision Assist with Pedestrian Detection can detect pedestrians, but not in all conditions and does not replace safe driving. See owner's manual for system limitations. <sup>5</sup>BLIS replaces standard integrated blind spot mirrors.

STANDARD FEATURES
Performance / Mechanical
4-wheel Vented Disc Brakes with Anti-Lock Brake System (ABS)
Suspension - Front: Independent Double-Ball Joint MacPherson Strut with Stabilizer Bar; Rear: Independent Integral Link with Stabilizer Bar

New Vehicle Limited Warranty. We want your Ford Mustang ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at [fordcredit.com](http://fordcredit.com).

Ford Protect Extended Service Plans. Whether you purchase or lease your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you peace-of-mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford dealerships in the U.S., Canada and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

Insurance Services. Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1-877-367-3847, or visit us at [fordvip.com](http://fordvip.com) for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company.

Ford Original Accessories. They're warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer's warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.
