Dear Toto,

This is to formally resign from my position as Technical Support Specialist from Autohub Group, effective 15 days (July 3, 2021) upon submission and receipt of this letter.

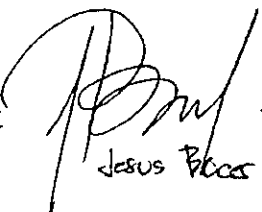

My decision to resign was finalized after careful consideration of all factors. I have decided to go back to being a full time Learning & Development trainer and I believe that this decision to move forward will help me grow and maximize my skills and potential accordingly.

It has been a pleasurable experience being part of this company. I have definitely learned a lot in my 2 years of stay and I wish nothing but success to the Autohub Group.

Respectfully Yours,

John Paul L. Samson
